DONATION FORM

Thank-you for your donation. Your generosity will help us in our efforts to give homeless animals the care they need until we can find them a new loving home.

If you like you can target your donation to one of our special funds and know that 100% of the money goes towards saving an animal. These special funds are:

- **Emergency Medical Fund:** A number of times per year an animal comes into our care who requires major medical treatment to save its life. One of the best aspects of this fund is that if an animal we take into care gets unexpectedly sick or injured, we do not have to worry about whether saving this animal's life will put the Society in jeopardy as a result.
- **Pound Pets/Spay Neuter fund:** NASAP partners with numerous urban and rural pounds in Northern Alberta in a program that we call the 'Pound Pets Rescue Program'. Through diligent negotiations, diplomacy, and education, we have convinced many of these facilities to strive to become 'no-kill' pounds by taking those homeless animals who are slated for euthanasia into our system and fostering them until adoptive homes can be found. Virtually all of these strays are unaltered, and the cost of these spays and neuters presents an ongoing major expense for NASAP. **Every \$100 donated saves one life!!**

If you are interested in targeting a special fund, please enter the name of the fund in the donation target field below.

Tax receipts will be issued for donations over \$20.
